

Dear AHS Football Parents and Players,

I wanted to take the opportunity to reach out to you during this unchartered time in our community. In what has been defined as a global pandemic, the Arlington I.S.D. along with many educational systems around the world have made some necessary decisions to protect our citizens.

As all of us are aware, we will not return to Arlington High School until Monday, March 30, 2020. You also need to be aware that the Arlington I.S.D. athletic department has also sent out a set of guidelines to support our district policy for social distancing. For the next two weeks, our coaches are not allowed to hold practices, open gyms, weight room workouts, or off-campus organized workouts. As much as we would like to move forward as a football program together, we do not have that option at this time.

We do, however, want our players to continue developing their strength and conditioning where they have made tremendous strides in the past two months. We will send out daily workouts for the next two weeks that our football players should perform at home so that they do not lose everything that they have built up.

In my 18th year as the head football coach at Arlington High School, how we handle adversity defines the success that we have on and off the field. I know that when given the opportunity from our district to return to work, that we will do what is necessary to get back on track for a successful 2020 football season.

Kick 'Em Colts,

Scott Peach
Head Football Coach / Athletic Coordinator
Arlington High School
